Product Safety Recall

Squeeze Bead Plush Animal Toy
(15058)

Sold between 21 February 2022 and 4 March 2022
at Australia Post stores

DEFECT: The toy's inner bubble casing may burst and release water-absorbing polymer balls. When exposed to liquid, the balls expand.

HAZARD: If swallowed, the polymer beads can become large enough to create a gastrointestinal blockage causing vomiting, severe discomfort and dehydration and may need to be surgically removed.

ACTION REQUIRED: Consumers should stop using the Squeeze Bead Plush Animal Toy immediately and keep it out of reach of children. Any consumer who has purchased the product from Australia Post (or received the product as a gift) should return it to an Australia Post outlet for a full refund.

For further information:
Please direct all calls and questions concerning this recall to Australia Post on 13 13 18 (Monday to Friday, 8am-6pm AEST).
